

About using Quicken.com to view and work with my accounts

Use [Quicken.com](https://www.quicken.com) to monitor your investment Quicken data from any computer with a Web browser and Internet access. When you register your copy of Quicken, you have the option to create a [Quicken.com](https://www.quicken.com) account.

You can export certain brokerage account information with that very same [Quicken.com](https://www.quicken.com) account. Use One Step Update or Schedule Updates to send your information to [Quicken.com](https://www.quicken.com), and then just open your Web browser and go online to [Quicken.com](https://www.quicken.com) to view it.

What can I do?

- [Update account information on Quicken.com](#)
- [How do I copy a Quicken investment portfolio to a Quicken.com investment portfolio?](#)
